Tours & Events Taking Over At The Distillery!

Photo: Barbara L. Peterson, portfolio b photography, portfolioob.com

The Dad's Hat distillery has been buzzing lately as we welcome more Dad's Hat fans to our on-site tours which have now expanded to nearly every Saturday. There are three tour times conducted per weekend - 1pm, 2pm and 3pm - which consist of a group tour of our facility as well as a tasting session of our hand-crafted rye whiskeys for a cost of \$10 per person. Reserve your spot today on our [website](#).

Earlier this fall, Dad's Hat hosted our first live music event featuring Nashville singer/songwriter **Tim Easton** and cocktails for the crowd at our distillery tasting bar. Great music + great cocktails = one great time had by all!

As we close our the year, we are very excited about our next two unique on-site events...

November 15th at the distillery, Dad's Hat will host a Whiskey and Chocolate Pairing event featuring amazing confections designed for the occasion by brothers Eric and Ryan Berley, the creative team behind Philadelphia's **Shane Confectionery**. During the event, flights of Dad's Hat Rye whiskey will be paired with unique Shane candy followed by a Dad's Hat cocktail paired with an equally delicious confection. Shane's will also have deliciously clever **Rock & Rye Kits** available at the event - Rock Candy in a Jar and all you do is add Dad's Hat Rye Whiskey and your favorite fruit! Tickets are \$25 so reserve today. More information at DadsHatRye.com

On **December 6th**, Dad's Hat Co-Founder John Cooper will host our first ever "Holiday Cocktail Class" at the distillery. John has developed a selection of seasonal cocktails that will make you the host with the most for the holiday season. We furnish all the ingredients you will need to prepare these delicious drinks and take you step-by-step to serving up some amazingly festive craft cocktails. Reserve today using our [online contact form](#) and stay tuned for more events coming up for 2015!

Expanded Distribution in NY State and Kentucky!

Dad's Hat Whiskeys will now be available from **The Winebow Group** throughout New York State. We are very excited to work the team from Winebow as they will offer greater coverage in not only the NYC area but now the entire state of New York.

Republic Nation Distribution Company is now distributing our products throughout Kentucky and we are thrilled to be selling our whiskey in the home state to many of the leading bourbon whiskey distilleries.

Dad's Hat also recently joined our European importer, **La Maison du Whisky**, during the three day **Whisky Live Paris** event, billed as "The World's Premier Whisky Tasting Show". There we met and mingled with many European rye whiskey lovers and many new Dad's Hat Whiskey customers. The team at LMDW is working with distributors across Europe to bring our fine products to customers across the Continent.

Following the event in Paris, we also had the pleasure of introducing Dad's Hat to whiskey fans in Germany at the **Bar Convent Berlin**, a major European bar and beverage trade show.

THE WAIT IS OVER! - Dad's Hat Straight Rye Debuts

Dad's Hat Pennsylvania Straight Rye Whiskey, the first Straight Rye made in Pennsylvania in over 25 years, was launched in limited release in October at the Whiskey & Fine Spirits Festivals in both Philadelphia and Pittsburgh.

A team from the Pennsylvania Liquor Control Board visited our distillery and tasted several barrels before selecting one to be bottled specially for these events.

This whiskey debuted for sale exclusively at the Festivals and limited remaining quantities will be sold on the PLCB's web store, finewineandgoodspirits.com. If you missed these Pennsylvania fests, rest assured we will continue tasting the other barrels as we look forward to a broader release. So stay tuned!

Question: What is Straight Rye Whiskey?

Answer: A rye grain whiskey that has been aged in new oak barrels for at least two years.

Creative Whiskey Collaborations In The Works

While we think Dad's Hat Pennsylvania Rye Whiskey is great all by itself, we are finding that there are many ways to create tasty treats with our whiskey..

The award-winning ice cream makers at **The Bent Spoon** in Princeton, NJ from time to time feature a delicious "Dad's Hat Rye Whiskey Salted Caramel" ice cream. Each time they announce another batch it sells out immediately.

Our friends at **Keystone Homebrew Supply**, who sell our used rye whiskey barrels to brewers and restaurants alike, have found another fantastic use for them as well. Last year, they began aging premium Pennsylvania maple syrup from **Grinarmls Maple Syrup** in our used rye whiskey barrels and now offer the tasty results for sale online. Breakfast just got kicked up another level!

The artisan chocolate makers at **Tradestone Confections** in Conshohocken, PA are creating a selection of tasty Dad's Hat-infused treats known as the "Whiskey Tasting Box". For those who can't wait until this special collection reaches their favorite retailer, Tradestone will be holding a special **"Whiskey Box Launch Tasting Event"** on Nov. 14 at their Tradestone Cafe with two seatings at 7pm & 8pm.

The Rye Whiskey Revolution Continues!

Dad's Hat continues to expand into new areas each week thanks to our [distributors](#) around the country. Check out our online [locator](#) tool to find genuine Dad's Hat Rye products in your area!
